

THE BOURBON NEWS.

MI-WEEKLY.

VOL. II.

PARIS, BOURBON COUNTY, KENTUCKY: FRIDAY, JUNE 29, 1883.

NO. 140.

"Stone" drafts will begin season about Monday.

Rev. W. W. Hall will preach at Cane Ridge, next Sunday.

Ladies drove the last spike in each end of the K. C. extension.

The K. C. railroad will sell cheap tickets at all stations on July 4th.

John Myers, the wounded conductor, is slowly improving, at Cynthiana.

The High Bridge camp-meeting will begin July 19th, and last until the 27th.

The strawberry has been about crushed out and the raspberry now has the go.

A Franklin county man has saved five young swarms of bees from one hive, this season.

A man has paid \$3,500 for the privilege of selling lemons at the Louisville Exposition.

There were five bushels of new Irish potatoes from Harry Long's garden, one night this week.

Major Moss, a dusky lover of Lexington, was refused by his girl, and shot himself in the leg.

Reporters have been excluded from seeing Nell and Craft at Lexington, and the prisoners feel better.

George Ingensha commenced the erection of a business house on his lot in the burnt district, yesterday.

Owen L. Davis has accepted a position as clerk in the merchant tailoring establishment of Davis & Davis.

At Stanford, Tuesday, William Brown was shot and mortally wounded by the three Thompson boys.

Union services of the different churches will commence Sunday night, and will continue during the summer.

The anniversary of the organization of the colored Christian Church, in this city, will take place next Sunday.

M. Margolin has introduced the watermelon trade here, and received the first wagon load Wednesday.

John Bradley, 60, of Lexington, fatally stabbed his cousin, Ben Gibbons, with an ice-pick during a quarrel.

Hon. J. R. Hildman, Democratic nominee for Lieutenant Governor, is announced to speak here July 19th.

The Sunday School picnic of the Christian Church, will be held in Hume's woods, of this precinct, on July 4th.

The supper last night given by the ladies of the Episcopal church was an elegant and successful affair. Proceeds, \$80.

The Mt. Sterling Sentinel says that the Cerni Gordo Guards will probably go to the Blue Ridge in full force, some time in July.

A game of base ball between the Paris Mutuals and a Lexington nine was decided by a score of 4 to 3, in favor of the Lexington nine.

John Duncan and Henry Skinner, colored, had a fight at Thompson's station, and Skinner was killed off in the usual Kentucky style.

Lightning struck the residence of Jno. Sorell, in Carlisle, Tuesday, and tore up things generally, while the family were at breakfast.

Morgan, the photographer, has a beautiful line of ebony, gilt, gold and silvered, and picture frames—the finest ever offered in this market.

Dan Roche told the umbrella over McChesney when he made his celebrated railroad speech Monday. Dan ought to be shot by request.

Frank Wren desires the traveling public to know that he is not running the express wagon as a "bus line," and gently hints that walking is good now.

H. H. Kavanagh, of Owen county and formerly chaplain of the 6th Kentucky regiment (C. S. A.), has been elected chaplain of the Kentucky penitentiary.

Victor Sarge, for many years a popular young clerk with Holt, Dow, the grocer, left yesterday for Millway, where he has formed a partnership with Clay Foynter, in the grocery business.

Morgan's men will camp at Woodland Park instead of the fair grounds, and are before announced.

Keller & Hopson, of Lexington, and formerly of this city, have been arranged with to supply the provisions for the camp.

The internal revenue laws as amended, allow each producer of tobacco to retail at his place of production any amount put up in the land, to not exceed \$100 worth. Twisted tobacco will be subjected to a tax of 8 cents per pound.

Richmond Captured.

Yesterday, the first passenger train passed over the K. C. extension to Richmond and returned, carrying the following officials and invited guests: President M. P. Ingalls and Messrs. Briggs Cunningham, E. H. Pennington, Wm. Ernst, Charlotte, Alexander, Mr. Lippincott, Hays, Geo. Hoadley, Democratic candidate for Governor of Ohio, and about 100 guests from Paris and Winchester. The following gentlemen from Paris accompanied the party: George Collier, local-master K. C., Judge Turner, John T. Hinton, "Square" Cunningham, John E. Ingram, John B. Kennedy, Ben Paton, W. A. Bacon, A. Shire, Mayor Purnell, Rally Paton, Charles Alexander, Jr., and the dead beat editors of the three city papers.

At Richmond the party was cordially received by the Madison County commissioners, who met with the train to Paris, after a short rest of a few minutes in that city.

The railroad officials and visitors were all delighted with the new road and the pleasant trip.

Arriving at Paris on our return trip at 3 o'clock, we found empty space in the News columns very scarce, so we'll cut our remarks short in this issue, and give a few waylay notes in our next issue.

Our schools have all closed until September. On becoming many of the girls had been asking hearts behind the way back to the moonlight grove and out-of-the-way places to enjoy their grief.

Paris is enjoying a calm in business matters. The farmers are all busy at home. The heavy rain seriously threatens the wheat crop, injures the meadows, and gives the weeds a decided advantage over the growing corn.

SANDER CROUCH has been brought back from Missouri, to Bath county, and will be called on to settle a dispute about a horse which it is claimed that he knows everything about. He cannot settle without the aid of the sheriff of Bath.

Jeff. Egan's bull dog thought he could while out the United States and sold Grant thrown in, but a country dog down him up in fine style, on the street Wednesday. One hundred delighted citizens gathered around and enjoyed the brutal sport.

Monday will be Court-day. We would deem it quite a favor if several hundred debtors to the News office would call in and settle their indebtedness. This is one of those grand semi-annual occasions when we need money and must have it.

The Kentucky Central will begin its regular trains, on next Saturday, June 29th, and the Monday following, July 2nd, the train will leave Stanford at 4 o'clock A. M., and pass through Richmond at 5 for Cincinnati, returning will arrive at Richmond at 6 o'clock, P. M. (Richmond Herald.)

M. H. Hays, manager of Hays's Opera House, over the River, in Cincinnati, is holding a large new opera house on the site of the old Coliseum. It will have a seating capacity of 2,500, and will be the largest and handsomest building of the kind in the city. It will be called "The New Opera House."

DELY GOODER has a boy called the "Lilium Anatum," which hangs anything yet known in the city line. This is a kind of a hard red, about three feet tall, about the size of a common lead pencil, and contains two large white and brown-spotted blooms each of which measure 27 inches in circumference and 7 inches in length. The flower is indeed a stupendous wonder.

GENERAL DICK, and captain Cantrill and Messrs. C. C. Moore and J. C. Moore, are out in an address to their comrades calling for a reunion at Lexington, on July 24, 25 and 26. They estimate that of nearly 5,000 men who were enrolled, at least 1,000 were killed in battle and about 1,000 are still in prison, and that a majority will live in Kentucky. All members who belonged to the command at any time during the war, are cordially invited to attend, no matter in which State they may now live.

Col. SECURE was seen by a Press reporter, at the camp of the 6th Kentucky regiment, at Woodland Park, where he had been much touched by the expressions of the people, the Democrats especially, regarding his probable removal to Covington. Of course he feels very much elated over his appointment, and states that he will employ his subordinates merely with reference to their fitness and their Republicanism, and with no reference to their political views. They have worked against him personally or not, and that it will be his aim to command the affairs of the new district as impartially and as satisfactorily as he did those of the old. He certainly could not improve upon the conduct of his old command. Col. SECURE says that he has received no official notification that he will be sent to the new district, and if such an order is made, he will probably not receive it before the first of next week. (Lexington Press.)

WE'VE GOT 'EM!

The machine shops now a certainty. Our city committee have secured a sixty day option with Wm. K. Griffith and Jos. Mitchell, for 50 acres of land at \$200 per acre, and the K. C. officials will send stipulations for closing agreement tomorrow.

President Ingalls says that he intends to add 10,000 population to Paris, in the location of the shops and car works here.

Persons who are disappointed about the location of the shops opposite the fair grounds, are respectfully called attention to the fact that it was utterly impossible to purchase 50 acres of land in the center of the city, and that the grounds selected are just those which suited the railroad best.

John SNAPE's world and shot Dr. Robbins, his son-in-law near Park's Hill Camp ground with a shotgun loaded with buckshot, Wednesday, and Robbins now lies in a critical condition. He is shot in the head, arm and side. Both barrels were fired at him at close range. Robbins is the party to a dirty scandal now in connection with Dr. Martin.

Alex. McCallie & Son sold two registered Jersey heifers to A. F. Sawyer, of Independence, Missouri, for \$500, which he will ship Monday. Anyone wishing to ship a few head of stock to Missouri or Kansas can ship them with the Jerseys at the same cost.

Mrs. Katie Davis, who fell in love with the old widower from Georgetown at first sight and got married in April, has separated from her husband and is stopping with friends here. She alleges that her husband treated her by spending her money and gave her no money. Her daughter, Miss Josie had to give her money to go away on.

The marriage of Joe Hanly, of Mt. Sterling to Miss Varian D. Piper, took place at the Christian church, Wednesday, as per announcement. Ollie Smith, William, John and Geo. Hanly, brothers of the groom, and many other friends from a distance were present. The bride party left on the 2:30 train, bound for a tour to Louisville, Pa., where they will make their future home. The bride was dressed in a sapphire green silk, and looked exceedingly pretty. The church was very handsomely decorated, and was densely filled with spectators. Rev. Mr. Bent officiated.

John Swiney, of this city, is taking in the Chicago races this week. His Lizzie S. Ballard, and Centerville are on hand and will be heard from.

The wheat crop now being harvested between this place and Covington, as seen from the cars, will not yield much over a half crop, while the general average in this county will fall short, over 40 per cent. As the crops in Illinois and Indiana are also very short and under water, the prospect is that the general crop will be short and prices will be high.

We advise farmers not to be in too big a hurry to sell.

ANNOUNCEMENT.

JUDGE T. F. HARGIS,
CANDIDATE FOR
JUDGE OF COURT OF APPEALS.
FOR CIRCUIT JUDGE.

We are authorized to announce Wellington A. Cunningham, of this city, as a candidate for Circuit Judge, to fill the vacancy rendered by the resignation of Judge John E. Buckner. He respectfully solicits his claims to the Democracy.

Col. Wm. Brown is called on by a card signed by two Democrats and two Republicans, to become a candidate for State Senator from Jessamine, to run against Sparks, the Democratic nominee. In speaking of his probable candidacy, the Lexington Evening News says of him:

"Col. Brown is a first-class gentleman when it comes to politeness and betting on horse-races, and he some years ago served a term in the Legislature. He may be a man of integrity and capacity and might make a fair Senator, but we have a stubborn idea that he knows a great deal more about four aces, full hands and bob-tail flushes than he does about making laws. And they say that the Colonel knows when to 'cooper the ace,' and can beat the deck every time. And if he was sent down to Frankfort to legislate, he would undoubtedly clean out Col. Billice Owens, and would go home with all the money that Col. Presly Kimball had made at selling cabbage and other truck."

The *Confederate Annual*, a semi-monthly magazine, reciting facts and incidents of the war in the South, issued from the rooms of the Southern Historical and Benevolent Association, of St. Louis, edited and published by J. W. Cunningham, formerly of this county, is before us. It is a rare collection of historical facts, giving the early introduction of slavery on the American continent, the cause of the late war and a brief history of the political strife, incidents thereto, &c. &c. This magazine will be of great interest to ex-Confederates, and in fact to all who took part in or even lived during the bloody strife. The subscription is \$1.50 for twelve numbers, or 15 cents per single number.

The Scott law has been decided constitutional by the Supreme Court of Ohio. This law requires all retail dealers of beer and wine to pay a license of \$200, and all saloonists who sell whiskey and other drinks \$250. This will shut out all small saloons—probably 10,000 in the State. Therefore, it may safely be calculated that the closed-out ones and their friends and patrons who are Republicans, will take sweet revenge on the Republican legislature for enacting such a law, and will vote Democratic at the coming election this fall. You can safely set down Ohio as going Democratic by about 40,000.

The President has issued the order for the changes in the Internal revenue Collection districts. The number of districts is reduced from 126 to eighty-four. The order will take effect July 1st. No change is made in the second and fifth Kentucky districts. Landrum and Swope are saved from the wreck, and Gen. Finnell thrown overboard. It is rumored that Col. Swope will move his headquarters to Covington.

PLEASE don't stop Miss Jessie Buckner from going to Europe. She is least known there and will be best appreciated.

To-morrow the heads of several Collectors of Internal Revenue will drop with a dull thud into the basket.

As Lexington had the convention of nominating the candidate for Supreme Court, we suggest that this place be suggested for holding the convention for nominating District Judge.

Hon. JOHN G. CARLISLE, of Kentucky, has announced himself a candidate for U. S. senator. This certainly means that he is out of the race for speaker of the next house.

THOMAS L. JONES spoke Monday at Owenon, and demonstrated that he was "the real nominee for Governor, but bowed in submission to the fraud of the people." If Mr. Jones keeps on talking that way with his mouth, he can't be elected dog pelt for a fourth-class village in the future.

We learn from friends of Col. Cunningham in Clark and Scott counties, that his candidacy for the judgeship is looked upon with great favor, and that his chances for election are first-class. The Col. is a good mixer, a good judge of law, and a gentleman under all circumstances, and we see no reason why he shouldn't win.

THE Millersburg correspondent of the Bourbon News says it is currently reported that "Dr. Gould will sue the Transcript for damages for libelous publications" concerning his conduct toward the old negro preacher, Elisha Green. The Rev. (?) Doctor is welcome to crack his whip and commence proceedings just as soon as it will suit his convenience to do so.—[Lex. Transcript.]

What the Louisville Democrat Would Like to Know.

How a man who make a claim to votes cast in violation of instructions from the Owen democracy in convention assembled, can consistently call the pot black?

How a man who withdraws his nag from a race on the home stretch can claim he ought to have the stake?

If it is unfair to win a nomination after all opponents have been retired from the race?

If a nomination by acclamation nominates? and if so, where the cry of fraud comes in, except at the expense of the man who is badly enough demoralized to raise it?

Whether at the end of a call of counties delegates have not a right to change their votes, if they want to, and whether a presiding officer is not bound to give them a reasonable time and opportunity to do so?

Whether the water on the wheel of the mill will ever come back to grind another grist?

John O'Brien, Louisville, says: "I have found Brown's Iron Bitters to be a perfect remedy for kidney complaint and constipation."

New Life

is given by using Brown's Iron Bitters. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. Brown's Iron Bitters ensures perfect health through the changing seasons; it dispels the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and insist on having it. Don't be imposed on with something recommended as "just as good." The genuine is made only by the Brown Chemical Co. Baltimore, Md.

Boyle's Revolving Barrel Churn.

Boyle's Revolving Barrel Churn without daisies or paddle has accomplished a revolution in butter-making. It will make more butter out of the same amount of cream and a better quality with less labor than any other churn. A boy can churn ten gallons of cream with ease. It is suspended on its journals, and as it revolves, the cream falls from end to end, and the agitation being equal throughout, the globules of the globules all separate at the same time and are preserved to a larger per cent. than by the old process. It follows that no half churned cream is left in the butter milk, or to mix with the butter, which would give it a bad appearance, the dead cream would injure its keeping quality and decrease its value. The cream acts upon the innermost surface of the barrel, and the butter is made by concussion and not by friction. The head is easily removed, and being air tight, the atmosphere is excluded, thereby holding the cream at the proper temperature. I am the agent for this churn for the State of Kentucky, and any one wanting to buy a churn or county right can find me for the present at Thos. Phillips's meat store.

ny23-1m SELBY LILLESTON.

In commendation of the Boyle Revolving Barrel Churn, the following well-known gentlemen of Paris and Bourbon county, speak as follows:

It is easily worked and churns perfectly, bringing butter in twelve or fifteen minutes; it gathers perfectly and is easily cleaned. W. W. MASSIE.

I consider it superior to anything I have ever tried. It will make more butter and quicker, with less labor than any other churn. W. W. GILL.

Have used it three years; it is the best I ever used. It requires less labor in working and cleaning than any. Mine makes itself each year in the increase of butter. J. L. TRUNDLE.

It is easily worked, easily cleaned and works perfectly. I cheerfully recommend it to all needing a churn. HENRY HALL.

ATTENTION, HORSEMEN!

We call the attention of the farmers and breeders of horse stock, that I breed at my place, horses for beauty and symmetry as well as for trotting purposes. If a careful inspection is due to the sire and offspring of any horse, I would then most respectfully call attention to Caliban and his offspring—some ten or twelve of which can now be seen at my stable. Caliban was permitted to serve a limited number of mares the coming season, offered by first-class men, (no others need apply,) at \$25 to insure.

Caliban has a record of 2:34, and in the opinion of such horsemen as Dr. L. Herr, himself have trotted as well or better than 2:30 on the day which he his record. Two of Caliban's yearling colts showed better than a four minute gait on my different track last Spring.

I will call the attention to the fact that Manbrino Chief, with the Pilot and Clay also, has produced some of our most noted horses. I breed for speed as well as sixteen-hands high horses, high style and rangy.

Caliban is the sire of Cyclone and Quaker, both with records better than 2:27.
